

Example 1: Halifax, NS (I circled the humidity and cloud coverage fields)

The image shows a weather application interface for Halifax, CA. At the top, there is a text input field labeled "Enter City Name:" containing "Halifax, CA". Below this is a yellow button labeled "Get Weather". The city name "Halifax, CA" is displayed again below the button. A weather icon of a cloud with snowflakes is shown. The current temperature is -0.52°C. Below this, the minimum temperature is -1°C and the maximum is 0°C. The weather condition is "Snow" with "Light Snow" below it. At the bottom, two fields are circled in red: "100% Humidity" and "90% Clouds".

Enter City Name:
Halifax, CA
